

Scoping Statement for Princes Rahma Hospital

Presented by
Team Blue

Table of Contents

1. Background & Project Information
2. Scoping
 - 2.1 Impacts for further investigation
 - 2.2 Possible alternatives
 - 2.3 Baseline Information
 - 2.4 Preliminary methodology
3. Consultation
4. Timeline

Impacts for further investigation (Construction Phase)

- Waste Management
 - Toxic waste
 - Sewerage
 - Construction
- Water
 - Water source
 - Efficient use of water
 - Drainage
- Traffic
 - Truck & heavy machinery movement
- Safety & Health
 - Occupational
 - Community
- Pollution
 - Dust
 - Disruption of light
 - Noise
 - Vibration
- Energy
 - Savings
 - Renewable
- **Hospital Design**
 - **With sound design practices**

Impacts for further investigation (Operational Phase)

- Waste Management
 - Medical
 - Hazardous
 - General
- Traffic
 - Accessibility
 - Parking
- Safety and Health
 - Environmental Health and infection control
 - PEE
- Energy
 - Traditional
 - Renewable
 - Safety Standards (spill and contamination)
- Water
 - The use
 - Alternative sources
 - Drainage

**CLIMATE CHANGE
CONSIDERATIONS**

Alternative

- No Hospital
- Other Location

Baseline

- Traffic
- Air Quality
- Water Quality and quantity
- Energy Consumption
- Climate Measures

Methodology

- List Review
- Stakeholders Consultations

Survey

- Energy
- Water
- Waste
- Social
- Availability of Alternatives
