

## Basic EMMP Template

(To use, fill in text in **green highlight**. Delete explanatory comments in **yellow highlight**.)

### EMMP for Project **XXX**

Person Responsible for Overseeing EMMP:

[name, contact information]

Activity I: [name of activity] [briefly describe activity & summarize potential adverse environmental impacts—from IEE]			
IEE or EA Condition (reproduced from the IEE or EA)	Mitigation Specific actions to be taken to comply with the condition. (if an IEE or EA condition is already specific to the project/ activity and implementation actions self-evident, this “translation step” can be omitted)  A single IEE/EA condition may require multiple action to implement—add rows as necessary	Monitoring How will the project verify that the mitigation action is being implemented and is both effective and sufficient?	Timing and Responsible Parties Who is responsible for mitigation, monitoring, reporting? Timing/frequency of these actions

[add rows for additional conditions]

[ repeat table for additional activities]
